

14TH WORLD FILTRATION CONGRESS PROGRAM AT A GLANCE

MONDAY, 30 JUNE 2025

SHORT COURSES

13:30-17:30	Liquid filtration: basics	Liquid filtration: equipment	Air/Gas filtration	Air cleaning and dust separation	Membranes : basics	Membranes : equipment	Filter media
-------------	---------------------------	------------------------------	--------------------	----------------------------------	--------------------	-----------------------	--------------

TUESDAY, 1 JULY 2025

8:00-10:15	Registration						
8:00-18:00	Expo Open						
10:15-11:00	Opening Ceremony						
11:00-12:00	Plenary Lecture Liquid filtration : Hermann NIRSCHL "Autonomous Processing in Separation Technologies"						
12:00-13:15	Lunch						
13:15-14:15	Keynote Lecture 1		Keynote Lecture 2		Keynote Lecture 3		Keynote Lecture 4
14:15-16:00	Liquid filtration 1	Liquid filtration 2	Gas filtration 1	Gas filtration 2	Membrane 1	Membrane 2	Sustainable 1
16:00-16:30	Coffee Break+Exhibition						
16:30-18:00	Liquid filtration 3	Liquid filtration 4	Gas filtration 3	Gas filtration 4	Membrane 3	Membrane 4	Sustainable 2
19:30	WELCOME RECEPTION						

WEDNESDAY, 2 JULY 2025

8:00-18:00	Expo Open						
8:30-9:30	Plenary Lecture Gas Filtration : Christine SUN "Advanced Filter Media Technologies, Trends, and Opportunities"						
9:30-10:00	Coffee Break+Exhibition						
10:00-12:00	Liquid filtration 5	Liquid filtration 6	Gas filtration 5	Gas filtration 6	Membrane 5	Membrane 6	Sustainable 3
12:00-13:15	Lunch						
13:15-14:15	Keynote Lecture 5		Keynote Lecture 6		Keynote Lecture 7		Keynote Lecture 8
14:15-16:00	Liquid filtration 7	Liquid filtration 8	Gas filtration 7	Gas filtration 8	Membrane 7	Membrane 8	Sustainable 4
16:00-16:30	Coffee Break+Exhibition						
16:30-17:30	Liquid filtration 9	Liquid filtration 10	Gas filtration 9	Gas filtration 10	Membrane 9	Membrane 10	Sustainable 5
17:30-18:00	Poster session						
18:15-19:15	INDEFI MEETING						

Liquid filtration
 Gas filtration
 Membrane
 Sustainable development

14TH WORLD FILTRATION CONGRESS PROGRAM AT A GLANCE

THURSDAY, 3 JULY 2025							
8:00-18:00	Expo Open						
8:30-9:30	Plenary Lecture Membrane						
9:30-10:00	Coffee Break+Exhibition						
10:00-12:00	Liquid filtration 11	Liquid filtration 12	Gas filtration 11	Gas filtration 12	Membrane 11	Membrane 12	Sustainable 6
12:00-13:15	Lunch						
13:15-14:15	Keynote Lecture 9		Keynote Lecture 10		Keynote Lecture 11		Keynote Lecture 12
14:15-16:00	Liquid filtration 13	Liquid filtration 14	Gas filtration 13	Gas filtration 14	Membrane 13	Membrane 14	Sustainable 7
16:00-16:30	Coffee Break+Exhibition						
16:30-17:30	Liquid filtration 15	Liquid filtration 16	Gas filtration 15	Gas filtration 16	Membrane 15	Membrane 16	Sustainable 8
17:30-18:00	Poster session						
18:15-19:15	SF2P meeting (by invitation)						
20:00	GALA DINNER						

FRIDAY, 4 JULY 2025							
8:00-11:00	Expo Open						
9:00-10:00	Plenary Lecture Sustainable development: Kenneth WINSTON "A look at the technology-drivers and projects today, including technologies for reducing and reusing Carbon Dioxide to Green and Renewable Fuels & Chemicals"						
10:00-10:30	Coffee Break+Exhibition						
10:30-11:45	Liquid filtration 17	Liquid filtration 18	Gas filtration 17	Gas filtration 18	Membrane 17	Membrane 18	Sustainable 9
11:45-12:15	Closing Ceremony						
12:15-14:00	Lunch Bag						
14.00-18:00	TECHNICAL TOURS (Registration will be available on January 2025)						

Liquid filtration
 Gas filtration
 Membrane
 Sustainable development
